SUPPLEMENT TO THE ORIGINAL CARNIVAL CAREERS SPONSORSHIP MASTERS

01 / THE PROPOSITION

A sponsor funds an artist campaign - and receives a defined marketing package.

The commercial purchase is a documented basket of promotional assets, content production, placements and measured reporting. A sponsor should know what will be published, where, when, for how long and who must approve it before transferring money.

The important distinction
CC can propose and contract promotion that CC owns or has cleared. An artist's image, personal endorsement, backstage access, arena screens, stage announcements, VIP tickets, broadcast placement, merchandise marks and venue product rights remain conditional until written approvals are obtained.

RIGHTS POSITION	WHAT THAT MEANS FOR THE BRAND
Included if signed	Defined posts, stories, campaign graphics, CC-controlled web placements, approved sponsor logo/CTA, creative production, basic measurement and reporting - on named CC-owned channels verified in the order form.
Potential upgrade	Artist appearances, co-signed announcement, artist social posts, name/likeness license, VIP/meet-and-greet, venue branding, live-screen ads, broadcast inclusion - each separately cleared and itemized.
Not included by default	Ownership of artist masters, music rights, guaranteed arena slots, venue sponsorship status, ticket revenue, unapproved category exclusivity, promoter obligations, sponsorship of other artists or automatically secured tour dates.

What makes the offer compelling

- An artist-forward cultural story with measurable brand creative, rather than an unpriced donation.
- A clearly bounded campaign whose CC-owned marketing can begin without falsely claiming an arena date.
- A named point of delivery, documented proof, and negotiated make-good or refund remedies if a specific deliverable cannot run.
- A pathway to expand into live events, city episodes, food and music, subject to each actual rights holder.

What we can evidence today
Current CC Universe material identifies an 18-month search for prospective stage opportunities (8 Nov 2026 to 8 May 2028), but records **zero confirmed stage bookings** in the controlling sponsor model. The past 5 Nov 2026 concert is historical and conveys no future sponsor rights.

02 / PACKAGES AT A GLANCE

Three artist-campaign offers. Defined inventory. CAD.

These are **proposed, negotiable packages**; no sponsor has purchased or received these benefits until a specific sponsorship schedule is signed. The figures below are sponsorship asks, not the promoter fee.

BASE DELIVERABLE	C$10K SUPPORT	C$30K PRINCIPAL	C$45K PRESENTING
Campaign period on CC-controlled channels	30 days	60 days	90 days
CC-owned web sponsor placement	1 music/project partner tile	1 prominent sponsor spotlight + tile	1 campaign hero + sponsor spotlight
Organic feed posts (CC channels)	2	4	6
Organic story frames (CC channels)	4	8	12
Edited short-form creative delivered	1 x 15-30 sec	2 x 15-45 sec	3 x 15-60 sec
Branded CTA / tracked link	1	1	2 CTA versions
Sponsor creative reviews	1 round	2 rounds	3 rounds
Reporting	1 final recap	1 interim + 1 final	2 interim + 1 final
Sponsor-led feature/case study	-	1 short brand spotlight	1 branded artist-support story
Campaign category preference	Non-exclusive	First negotiation if clear	Limited category hold if separately signed
Artist/arena/VIP deliverables	OPTION ONLY	OPTION ONLY	OPTION ONLY

What is a post or deliverable?
A feed post is one native post to a named CC-controlled social account. A story frame is one 24-hour story item (screen-captured for proof). A short-form creative is one finished vertical file and one CC-owned organic publication when cleared. A website placement is a specified page/slot and calendar duration. Paid-ad media spend, talent fees and rights buyouts are excluded unless itemized.

Approvals and availability

Before signature, attach the actual channel URLs, account owner, sponsor logo, brand category, artist identity (if approved), dates, final captions, creative examples and rights ledger. If a CC-controlled placement is unavailable, the sponsor can approve a comparable replacement in writing or elect the contracted remedy.

03 / C$10,000 PACKAGE

ARTIST SUPPORT PARTNER

C$10,000

Fast-close campaign | 0-30-day planning horizon | 30-day campaign window

What the sponsor receives
A co-branded, CC-published support campaign introducing the sponsor as an **"Artist Support Partner of Carnival Careers"** - not as an official artist endorser or arena sponsor. The brand can repost the approved CC-created materials for the contract term, subject to each cleared asset's rights.

Exact proposed deliverables

01 One sponsor partner tile on a named CC-controlled music or project page for 30 consecutive calendar days; logo + approved descriptor + website link.

02 Two feed posts: one campaign-launch graphic and one artist-support/brand-mission feature, published on the named CC-owned accounts.

03 Four story frames: announcement, sponsor/artist-support rationale, brand CTA and campaign follow-up; proof screenshots supplied.

04 One vertical video edit (15-30 seconds) using CC-owned/cleared imagery and music; the artist appears only if a separate release exists.

05 One tracked sponsor CTA link or QR destination; campaign UTM structure agreed prior to launch.

06 One approval round, a delivery checklist and one final digital results recap within 15 business days after campaign end.

LIVE EVENT-PARTNER PAYMENT TERMS / THREE INCREMENTS

This is CC's CURRENT proposed event-partner schedule - separate from the C$10,000 sponsor fee and from any sponsor billing installments. The partner's total fee and the amount of each release are set in the signed show-specific agreement.

01 AT THE DOOR	Authorized venue admission and credentials granted to Hopeton.
02 ORIGINAL MUSIC	Carnival Careers original music confirmed in the event's actual audio/set lineup.
03 LAST SONG	Hopeton performs and completes his last song on stage.

Sponsor payments remain negotiated separately; no existing arena slot or artist endorsement is implied.

04 / C$30,000 PACKAGE

PRINCIPAL ARTIST CAMPAIGN PARTNER

C$30,000

Intermediate approval horizon | 31-89 days | 60-day campaign window

What the sponsor receives
A larger content rollout with prominent co-branding, two edited video assets, sustained organic placement, a clickable response mechanism and a brand spotlight. The agreed designation is **"Principal Artist Campaign Partner - Carnival Careers"** for the defined campaign only.

Exact proposed deliverables

- One featured sponsor spotlight on CC's agreed music/project section, plus a linked partner tile, for 60 days.
- Four organic feed posts (launch, artist-support narrative, brand/community feature, campaign recap).
- Eight 24-hour story frames distributed across the campaign, with live links where the platform supports them.
- Two 15-45 second edited videos; one campaign narrative and one CTA/testimonial-style edit from cleared CC participants. Named artist participation is a separate optional right.
- One dedicated sponsor profile/case-study panel; sponsor may supply an approved quotation and approved product images.
- One tracked destination link/QR and documented CTA placements; two rounds of sponsor creative review.
- One interim delivery/metrics report and one final report, each with live URLs, screenshots and available platform analytics.

CURRENT EVENT-PARTNER PAYMENT SCHEDULE

The C$30,000 figure is a SPONSORSHIP ask, not the partner fee. CC's event partner is proposed to be paid in exactly three increments, with amounts written into the show-specific agreement.

1	DOOR	Hopeton admitted through the authorized venue entry.
2	CC MUSIC	CC original tracks confirmed in the show's actual audio lineup.
3	LAST SONG	Hopeton finishes singing his last song on stage.

Upgrade opportunities, not presently included
Written performer approval may add a co-signed artist announcement, an artist-facing interview or a meet-and-greet. An actual event booking and separate promoter/venue approval may add screens, signage, tickets, boxes, backstage presence or an onstage mention. The scope, value, fees, numbers and substitutions must be signed first.

05 / C$45,000 PACKAGE

PRESENTING ARTIST CAMPAIGN PARTNER

C$45,000

Longer approval horizon | 90-150+ days | 90-day campaign window

What the sponsor receives
Top billing within the **specified CC-controlled artist campaign**, a longer placement term, the strongest defined digital inventory, more production assets, category discussions and a documented closeout report. This is NOT overall venue title sponsorship.

Exact proposed deliverables

- One CC-controlled campaign hero placement for 90 days; logo lock-up reading "Presenting Artist Campaign Partner" plus approved call to action.
- One additional sponsor page / brand-spotlight feature with approved sponsor story and product-service positioning.
- Six organic feed posts and twelve story frames spread through the campaign calendar, each tracked by published URL or proof capture.
- Three 15-60 second edits: campaign teaser, brand/artist-support feature and closing recap (cleared participants and footage only).
- Two tracked CTA creative variants for message testing; media buying, lead generation guarantees and third-party tracking tools are separate.
- Three creative review rounds, two interim campaign reports, one final results report and a summary asset library of cleared campaign graphics.
- One option to negotiate limited CC-campaign brand-category exclusivity for the exact geography, channel set and term; exclusivity is not activated without a signed conflicts check and fee.

THREE EVENT-PARTNER RELEASES - CURRENT CC PROPOSAL

The C$45,000 presenting package is a sponsor purchase, not a transfer amount to the event partner. Partner payments are made only at the three documented show milestones below, with amounts negotiated in the signed booking.

1 / At the door: authorized venue entry for Hopeton.

2 / Original music: CC music added to the confirmed show audio lineup.

3 / Last song: Hopeton completes his final performance song.

If the booked artist is unavailable
The sponsor can accept a specific replacement artist/CC-only campaign in writing, extend the delivery window or use a negotiated refund/make-good schedule. No substituted artist's name, likeness, posts or performance may be represented as secured without an executed release.

06 / MULTI-CITY OPPORTUNITIES

CIRCUIT, PLATFORM & COHORT PARTNERS

The 18-month CC horizon runs 8 November 2026 through 8 May 2028. Larger partnership amounts are strategic **targets**; exact assets must be priced per signed program, city, performer and event. They are not booked tours or approved broadcast packages.

LEVEL / ASK	PROPOSED BRAND POSITION	WHAT WOULD NEED TO BE CONTRACTED
C$250,000 Circuit partner 3-6 month lead	"Carnival Careers Circuit Partner" on an explicitly selected cross-city artist/content campaign; repeated CC-owned web, social and digital creative series.	Numbered city activations, delivery months, named channels, content counts, brand-category position, approved press/recap assets, event rights only when secured, per-city proof schedule and fees.
C$1,000,000 Platform/title proposal 4-9 month lead	Potential "Carnival Careers Global Campaign Presenting Partner" across selected production/marketing inventory.	Defined number of episodes or shorts, cities, digital rights, signage, art usage, brand exclusivity, access to performers and any distribution or venue rights - all negotiated and priced after rights clearance.
C$3,000,000 Aggregate multi-brand target 4-18 month lead	An illustrative fundraising cohort, not one sponsor package: 1 x C$1M + 4 x C$250K + 10 x C$100K.	Each sponsor receives only its own signed rights package; clear competing brands and inventory conflicts. No shared exclusivity or guaranteed world-tour access.

What larger corporate backers may negotiate

- Artist development or touring-support story series, with performer consent and defined editorial influence.
- Branded city-by-city food, music, community and family impact stories only where releases and disclosure permit.
- Approved showcase, brand integrations or stage-side hospitality if actual date, promoter and venue rights are procured.
- Limited category protection, co-produced commercial spots, employee access, recruiting/cultural partnerships and impact reporting as negotiated.
- Licensed clips for sponsor-owned marketing with term, territory, media and paid-use rights expressly stated.

A goal is not an entitlement
The 65-city format is an enterprise ambition. A sponsor does not automatically receive 65 concerts, 18 performances, six arena opening slots, an HGTV integration, a Rivian fleet, property equity or a worldwide music/talent license.

07 / DETAILED SPONSOR INVENTORY

DIGITAL, CONTENT & ARTIST RIGHTS

Below is the complete activation menu. **B** = available to include in a signed CC-controlled deliverables schedule after channel/asset verification. **A** = additional artist, label, music publisher, manager or participant written approval. **V** = venue, promoter, ticketing, union or show-production approval.

BENEFIT / PLACEMENT	RIGHTS	DELIVERY DEFINITION / LIMITATION
Partner title / logo lock-up	B	Written designation applies only to named CC campaign, period, media and approved artwork. No claim of official artist endorsement.
Music/Project site tile, hero, landing page	B	Exact URL, position, size, link, start/end dates, screenshots and outage make-good stated in order.
Organic feed / story posts	B	Named account handles, format, post count, CTA, caption approval, go-live proof and audience insights after publication.
Vertical campaign edits	B/A	Defined number, duration, specs and cleared footage/audio. Likeness or signed performance requires A. Sponsor receives authorized license only.
Artist photo / name / image in ad	A	Artist and photographer must license name, likeness, duration, territory, brand association, editing and paid uses.
Artist social posts / livestream / interviews	A	Artist-controlled account, exact number, creator fee, dates, talking points and cancellation/make-good require talent agreement.
Branded music/video usage or sync	A	Separate master recording, composition, sync/performance, publicity, platforms and territory clearances. No music rights implied.
Exclusive sponsor category	B/A/V	Only where grantor controls the defined category, term, market, conflict review and inventory; event exclusivity requires V.
Sponsor website use and paid amplification	B/A	CC campaign co-branding may be licensed narrowly; paid ads, artist imagery and third-party music require separate permission.

Approval hierarchy
CC controls only its own cleared property. Sponsor approves use of its trademarks and claims; artist/manager approves artist publicity; composer/publisher/master owner approves music; promoter and venue control the show footprint; broadcaster/distributor controls downstream carriage. Each grant must be documented.

08 / DETAILED SPONSOR INVENTORY

EVENTS, HOSPITALITY, TV & COMMERCE

POTENTIAL BENEFIT	STATUS	SPECIFIC GATES BEFORE PROMISE
Arena ribbon / LED / scoreboard / concourse signage	V	Signed promoter and venue inventory; sponsor category rights, dimensions, technical specs, ad slots, delivery evidence, brand safety.
Onstage host read / shout-out / stage banner	A+V	Written performer/host script, show caller approval, soundcheck/cues, duration, cancel condition.
VIP box seats, guest tickets, backstage, artist meet	A+V	Exact quantities, credential classes, access limits, hospitality vendor and safety permission; no ticket entitlement now.
Booth / sampling / product sales / bar activation	V	Venue concession exclusivity, supplier approvals, license/insurance, safety rules, cash collection and applicable regulated product laws.
Artist apparel, microphone wrap, instrument / tour bus	A+V	Wardrobe/artist endorsement and show/venue rights; no existing inventory promised.
TV episode / credits / logo / distribution exposure	A+V	Production agreement, releases, distributor approval, broadcast standards, episode delivery and ad-identification requirements.
Cruise, hotel or transit presence	V	Real operator booking, service contract, vehicle/transport approvals, insurance and proof of delivery.
Food sponsorship / backstage catering	V	Venue/caterer approvals, food safety, documented quantity and recipients; proposed suppliers are not confirmed.
Six Rivian vehicles, property/homeownership tie-in	OTHER	Completely separate vehicle, real-estate, financing or in-kind sponsorship agreement; no cross-entitlement.
Market/vendor sales or gin-related right	V	Product category restrictions and licensed import/distribution/LCBO or applicable approvals; no sale implied.

Venue reality check

The historical 5 Nov 2026 concert is over. A proposed February 2027 window is not treated as a confirmed date here. Any new one-show deal needs a named venue, artist, slot, promoter permission and written terms. Sponsor payments do not purchase promoter inventory by default.

Why separate approval matters

Brands are buying a verifiable campaign from Carnival Careers, not a promise that a third-party venue will perform. Optional stage-side and VIP benefits belong in a signed separate schedule with an explicit zero-entitlement statement until approved.

09 / MONEY AND PROTECTIONS

WHERE THE FUNDS GO - AND WHEN THEY MOVE

The sponsorship agreement, any artist contract and a potential promoter booking are **three separate agreements and cash flows**. A sponsorship target (C$10K/C$30K/C$45K) is never automatically the amount owed to a promoter.

PARTY / DOCUMENT	INCOMING / OUTGOING	CONTRACT CONTROL
Sponsor → CC / approved paying entity	Brand pays an agreed fee for enumerated marketing services.	Invoice, Canadian tax treatment, correct legal entity, named milestones, proof, rights, refunds; cleared receipt only.
CC → Artist / manager / production	Only a signed talent, rights or production budget creates this obligation.	Artist services, approvals, releases, rehearsals and deliverable approval dates separately signed.
CC → Promoter / venue	Any contracted opening-slot or show-related fee is negotiated independently.	Named stage slot, credential proof, venue clearances, cancellation, payee and escrow instructions. No historical rights carried forward.
Optional solicitor escrow / trust	Funds held only if a qualified solicitor or escrow provider is engaged under written instructions.	Release upon independently verified milestones and executed commitments; unearned balances returned or treated under signed instructions.

THE CURRENT THREE-INCREMENT EVENT-PARTNER PAYMENT PLAN

The event partner receives THREE separately documented releases, not the whole show fee up front. Each trigger is a real show-production achievement, not a general promise. CC and the event partner sign the amounts, evidence, authorized payee and remedies before the event.

1 AT THE DOOR	Release 1 when Hopeton is actually granted authorized entry to the venue; record credential scan / named authorized staff confirmation.
2 CC ORIGINAL MUSIC	Release 2 when CC's ORIGINAL MUSIC (identified tracks) is confirmed as included in the event's actual audio / set lineup by the authorized stage manager or show caller.
3 HOPETON'S LAST SONG	Release 3 when Hopeton SINGS AND COMPLETES HIS LAST SONG onstage; retain the stage-manager's completion attestation.

PRICE IS NEGOTIATED; THE THREE RELEASE TRIGGERS ARE THE CURRENT PROPOSAL.

Historical C$9,000 amounts do not determine a new event-partner fee. Sponsor payment terms are separately negotiated; sponsor funds are never represented as already received, held in trust or automatically released.

10 / EXECUTION AND PROOF

WHAT THE SPONSOR WILL BE ABLE TO AUDIT

A sponsor does not have to guess what happens after signing. Every agreed item becomes an entry in the delivery register with a due date, responsible owner, accepted creative and proof.

PHASE	RESPONSIBLE OUTPUT	SPONSOR CHECKPOINT
01. Offer / discovery	Sponsor name, legal entity, category, artist selected if confirmed, campaign scope, budget, dates, channels and exclusions.	Written approved order and mutually agreed redlines.
02. Rights lock	Sponsor marks, CC channels, artist/talent permissions, music/photo rights, optional venue/host permissions.	Rights register and approved artwork/caption copy.
03. Creative production	Storyboard and scripts, image/video asset list, production schedule, links and CTA tracking.	Agreed creative review rounds; sign-off on brand marks/claims.
04. Publication	Timestamped launch, post URLs, campaign placement screenshots, QR/UTM evidence, event proof if booked.	Delivery ledger with links and capture date; missed inventory remedied per contract.
05. Reporting	Counts and dates delivered, available views/reach/engagement, tracked clicks, completed video plays where available.	Monthly/interim or final report per tier; platform data limitations clearly shown.
06. Closeout	Sponsor invoice/receipt record, usage-rights sunset/removals, licensed asset folder, final make-good/refund review.	Signed acceptance or written outstanding items list.

Metric definitions

Reach = platform-estimated unique accounts where reported. **Impressions/views** = platform-defined displays, not unique people. **Engagement** = platform-recorded reactions/comments/shares/saves, without inflated third-party claims. **Clicks** = tracked redirects/UTM where technically available. **Leads/orders** count only with sponsor-approved privacy-compliant attribution. No minimum traffic, sales or conversion rate is guaranteed.

Make-good mechanism - proposed
If a CC-controlled placement fails, first restore it for equivalent time, then provide a sponsor-approved equivalent of comparable declared value, or refund the undelivered portion using the agreed allocation schedule. Venue/artist cancellation is handled under the separate signed event/artist rider.

11 / CONTRACTING RULES

NO SURPRISES. NO IMPLIED ENDORSEMENTS.

Scope + identity: Specify actual sponsoring legal entity, billing and public brand; identify CC contracting entity and authorized signatories. Any specific sponsored artist needs full legal performance name and authorized representative.

Exclusivity: No exclusivity unless specified by product category, conflicts list, platforms, geographic market, term, prior commitments and license fee; no venue-wide scope unless venue signs.

Artist name/likeness: Use only within exact art, platforms, geography, ad format and term licensed by artist/manager. Paid usage, whitelisting, artist-channel posts and sponsored endorsements require separate consent.

Music + footage rights: A master recording license does not necessarily include composition sync, publisher, songwriter, performer or event filming rights. Chain-of-title checks precede publication.

Privacy and endorsements: Obtain consent for filmed participants and children; comply with applicable Canadian marketing, privacy, competition, platform and disclosure requirements. Sponsored restaurant opinions cannot be scripted as independent reviews.

Content approval: Sponsor approves its trademarks and factual claims within a finite review window; CC retains editorial/legal compliance; artist/promoter review only where their rights are used.

Change of artist/date: If an artist, venue or slot changes, no new face or arena is automatically substituted. Use written change order, specified comparable inventory or refund rights.

Cancellation and force majeure: Separate cancellation triggers for campaign content and any live show; define notice, deposit treatment, insurance, reasonable mitigation, rescheduling and refund allocation.

Taxes, invoices, escrow: Fees stated in CAD excluding applicable taxes unless expressly included. Payment destination, trust/escrow if any, disbursement instructions and fees require written verification.

Intellectual property + archival: Sponsor keeps its marks; CC keeps its existing IP; artist keeps its rights. Sponsor has only approved, time/territory-limited use of delivered media; old social posts/archives may remain under agreed archival terms.

Insurance / brand safety: Appropriate insurance, indemnity allocation, claims review, event security and category restrictions depend on the deliverable and location.

Evidence and remedies: Require proof per line item, reporting cadence, cure periods, defined replacement/refund rules, dispute process and termination for material breach.

Sponsor-safe designation

Until any specific talent endorsement is signed, the brand may be called a partner of **Carnival Careers' artist-support campaign**. Do not say the artist personally recommends the product, that the arena named the brand its official partner or that a future performance is confirmed.

13 / SOURCE NOTES

CANONICAL MASTERS, BASIS & NEXT STEPS

This is a newly dated **artist-sponsor benefits and contract schedule supplement**, **not a rebuild or replacement** of the two original Carnival Careers sponsorship PDF masters. Where a buyer wants the CC-branded historic presentation, add this supplement to the *actual recovered source master* without editing its original pages.

Source records used

CC sponsorship horizons — Current 10K/30K/45K and strategic asks, 18-month targets, dates, stages and non-booking status.

Sponsor horizon explanation — Payment portions, 3 stage-payment gates, exclusivity boundaries.

CC source PDF custody — Exact IDs/checksums of original with- and without-real-estate PDF masters; twelve historical campaign editions.

CC showrunner — Rights/production proof, three clocks, event and show distinctions.

Sponsorship contract checklist - Practical Law Canada — Contract controls including exclusivity, IP, sponsor assets and remedies.

Music sponsorship terms - Chase Lawyers — Industry explanation of exact sponsor deliverables, fee, paid uses, termination and licenses.

Commercial assumptions and source limitations

- The proposed post counts, video lengths, website placement windows, reporting frequency and creative review rounds in this supplement are newly designed offer terms. They are NOT claimed to be historical, previously authorized sponsor rights or accepted artist inventory.
- No named artist is represented as endorsing a product or having signed participation rights for these packages. Audience size, ticket allotment, venue slots, revenue and media distribution have not been independently verified here.
- The original Adobe source PDFs were located by their registered asset IDs, but their raw pages could not be downloaded into the document workspace for a byte-verified append. This supplement therefore stands alone; it does not claim the original pages are included.
- Any venue hospitality, sponsor access, regulated beverages, vehicle arrangements, property or TV rights require their own agreements and cannot be inferred from this proposal.
- CC current policy: do not automatically contact, submit or commit on behalf of the producer.

The sponsor decision

Select the dollar tier and campaign dates; list exact publishing channels and artist; sign the CC-owned scope; attach talent/venue riders only where rights exist; specify payment/escrow protections; launch against the signed proof ledger. **Everything the sponsor receives is on the order form - nothing is implied.**

Prepared 8 November 2026 · Sponsor-facing proposed commercial schedule · CAD

14 / CURRENT THREE-INCREMENT DEAL RULE

PAY THE PARTNER.

ONLY AS OUR MILESTONES HAPPEN.

This is the exact current Carnival Careers event-partner proposal. The schedule belongs in every sponsor presentation, event-partner deal memo, financing request and booking addendum. Its triggering conditions are distinct from how a sponsor chooses to pay for marketing.

RELEASE 1 / AT THE DOOR

The event partner earns the first release when Hopeton is admitted at the event venue with the credentials and access actually necessary for his performance.

PROOF: Authorized entry confirmation + venue credential/access record.

RELEASE 2 / OUR ORIGINAL MUSIC

The second release becomes earned when Carnival Careers' ORIGINAL MUSIC - named CC track(s) - is in the confirmed event AUDIO / SET LINEUP. Being invited or listed as a performer alone does not satisfy this trigger.

PROOF: Signed/dated stage-manager or show-caller confirmation listing the CC song titles.

RELEASE 3 / LAST SONG COMPLETED

The event partner earns the final release only once Hopeton sings and completes his last song onstage at the agreed show. Merely walking onstage or returning a microphone before the last song is not the condition.

PROOF: Performance completion record / stage manager confirmation.

Sponsor value: a sponsor can inspect the three performance-linked payment gates, with show access, original CC music and the completed live performance as evidence. This is a PROPOSAL, not proof of a booked show, accepted event-partner terms, sponsor cash or escrow funding.
